# CATTLE SECTION

**Please Note all Entry Fees in Cattle Section are £5 per entry per class**

## **British Cattle Movement Service - Notification of Cattle Movements**

Following the Foot & Mouth Disease outbreak in 2001, all cattle movements to and from shows must now be reported to BCMS. Each animal that arrives at the showground must have the following documentation: (PLEASE NOTE DOCUMENTATION MUST BE PRESENTED TO THE STAFF IN THE SHOW PASSPORT OFFICE), chequebook-style passport (CPP13), Single Page Passport (CPP52) or Certificate of Registration (CHR3) or Certificate of Registration and blue/green passport (CPP1) without this, stock will not be allowed entry to the Show.

## **Brucellosis**

Animals which calve, or show evidence of calving, whilst at the showground must be placed in the approved isolation accommodation pending their possible early removal from the showground. Where an animal calves at full term, and the owner arranges for a blood sample and a vaginal swab to be taken and examined at an approved laboratory, and the Rose Bengal Plate test (RBPT) and microscopical examination of a smear made from the vaginal swab are negative, the animal may return to the show lines at the discretion of the Show Secretary. When an animal calves prematurely, or aborts, the Show DVM must be informed immediately. The animal must be placed in isolation in the approved accommodation, and the full range of samples taken. The animal will not be allowed to take further part in the Show and once it is fit to travel, can be returned home to the registered premises or alternatively retained until the end of the Show in isolation and returned with the other competing cattle from the same premises. All other bovine animals from the same registered premises will not be allowed to compete further in the Show until negative results from certain tests carried out. They can be returned with the suspect animal at the completion of the Show.

## **Bovine Viral Diarrhoea (BVD)**

Any animal coming from a Scottish holding must have a 'negative' herd status for BVD or be individually tested for the BVD virus.

Any animal from a 'not negative' herd cannot move to a show unless it has been individually tested for the BVD virus.

Any animal coming from outside Scotland should either be from a BVD CHCS accredited herd or be individually tested negative for the BVD virus.

Animal eartag numbers and CPH numbers must be given on the entry form to enable the Society check the BVD status of all entries, and if necessary refuse entry.
