If attending only one show within any one 13 day period the animal will not require to be held separate on return from the show nor will the return home trigger a 13 day standstill for any other animal on the home farm. Also animals may move from show to show or may return to their usual premise of residence without triggering a 13 day standstill provided they are kept in separate facilities under an approved separation agreement with SEERAD. In all cases the standstill period for pigs is 20 days.
